ScoutFest 2020 is a once-a-decade, regional Scouting camporee organized by the Greater St. Louis Area Council, presented and supported by Centene Charitable Foundation and World Wide Technology.

Expected attendance is 20,000 people across one weekend in Forest Park, the largest Scouting gathering in the country in 2020! ScoutFest 2020 is open to the whole family, including Cub Scouts, to camp overnight in St. Louis's iconic park. Exciting program and activities are currently being developed by volunteers and youth, and will include live performances and fireworks on Art Hill, STEM and robotics, climbing walls, water sports, competitions, and much more!

SAFETY IS OUR PRIORITY.

BE PREPARED:

PROACTIVE

Don't wait for an accident. Be on the lookout for unsafe conditions or actions by others.

RESPONSIBLE

Follow all rules for the event and individual activities.

EMPATHETIC

Think about the safety of everyone attending ScoutFest 2020. Speak-up and politely correct anyone who is doing something unsafe.

PATIENT

Rushing leads to mistakes and injuries. Never take shortcuts on safety!

ALERT

Focus on the activity and don't allow yourself to be distracted from your task. Be on the lookout for hazards.

READY

Know what to do if there is an emergency.

EDUCATED

Make sure you are familiar with all safety rules for the activity. If you feel uncomfortable or unsure, please ask a leader!

DEPART

Leave the activity with a positive experience – Go home safe!

SAFETY & SECURITY

Our First Priority

To provide a safe environment for our guests and volunteers, and their possessions, the ScoutFest 2020 Committee is partnering with local Police Departments (St. Louis City & St. Louis County), the Missouri Highway Patrol, the St. Louis Fire Department, Forest Park Rangers, EMS, Private Security, and others. Security officials will have a very visible presence around the clock the entire weekend, securing parking sites, program areas, camping areas, and access points around the perimeter of Forest Park. We will be monitoring activity in the park, and a plan is in place to effectively communicate incidents and concerns to security personnel on site.

As in any setting, participants should always practice situational awareness and report hazards or suspicious activities to a leader or public safety official.
