#### SPARK PLUG AWARD

This award is presented to a leader within the unit who, as the sparkplug, gives that extra spark to the unit and its program.

This leader should be a den leader or a member of the committee that has excelled in providing extra energy to the unit and in doing so, helps expand the program and its service to its members.

#### ACORN AWARD

Like the mighty Oak in the forest, this leader is the strength of the unit. This leader is the necessary person who gives their support in making the unit strong and solid.

This leader should be a den leader or a member of the committee that has given solid leadership in making the unit a force that will benefit the youth and the program within the unit.

As stated, these awards are for the leaders or committee members within the units. Cubmasters and Scoutmasters who the unit feels are worthy of greater recognition should submit their recommendations for the Leader of the Year Award.
